SUGIMAT

Efficient Engineering Solutions

COMPANY PROFILE

Efficient Engineering Solutions

Sugimat

Sugimat is a family company with more than 40 years of experience in heat generation and specialized in the development of custom projects.

We are dedicated to the design, manufacture and installation of turnkey energy solutions with steam, hot and overheated water, molten salts, gas generation and thermal oil boilers through the use of renewable energies and fossil fuels.

We have more than 3,000 installations distributed throughout different countries in such diverse sectors as chemical, solar thermal and biomass.

» Hallmarks

CUSTOMER CARE

Our commitment is reflected in everything we do. We listen to the needs of the customers and work to find the best solution tailored to your needs.

QUALITY

We stand up to control procedures to meet quality standards.

- ISO 9001/2015
- Asme U, S and R Stamp
- Pressure Equipment Directive 2014/68/EU

INNOVATION

In Sugimat we have an R&D&i Department with more than 20 engineers and a laboratory to perform the necessary technical combustion tests.
